

# All Ways World Wide Moving

## Moving Washington since 1920 and beyond

### BY WASHINGTON COUNTY CHAMBER OF COMMERCE

"Times have changed since 1920, but our commitment to quality service has not. This remains our belief and it is what drives us to uphold a quality of service that is very hard to find in the moving industry," said Timothy Moore, President.

As the oldest and only locally owned moving company in Washington, All Ways World Wide Moving takes its third generation of family moving traditions to heart. The office and storage facilities have been located on West Maiden Street for over 86 years. They can help move your family anywhere you need to go. They provide free, same day, in-home computerized estimates, professional packing and crating services, heated and secure storage, specialize in the handling of antiques and fine art, and are highly recommended by numerous antique dealers and auction houses.

All Ways has been an award-winning agent for Wheaton World Wide Moving since 1973, giving them the opportunity to utilize a world wide network of more than 300 agents throughout the world. They were

recently awarded the prestigious Decade of Quality award, one of only four agents world wide to achieve this milestone. All Ways has the lowest claim ratio in the Wheaton system. They have been awarded the Quality Award every

year since it was initiated in 1993.

In addition to residential relocations, All Ways has been helping corporations relocate their employees and families for over 86 years. Accommodations to relocate an employee can be made to any loca-

tion throughout the country, or the world. "Becoming a corporate client of All Ways will allow our customers to experience the benefits of working with an honest, dependable, and professional relocation provider that can react promptly and efficiently when employee relocations are required. We are dedicated to our quality of service, not the quantity," stated Mr. Moore.

The company has placed new orders for three more vehicles to be added to the well-maintained existing fleet of over 20 pieces of equipment. "We maintain our vehicles beyond the required minimum standards, and we hope it shows," quoted Mr. Moore.

"All of our uniformed employees have passed drug, alcohol and background checks, and are truly our backbone. We have been taught from generation to generation that we have to take care of our customers first, our employees second, and the facilities and equipment third."

To discuss your relocation requirements, or the services and benefits of becoming a corporate customer for employee relocations, call 1.800.875.9297.
